TypeScale	Size	line height
Header1	28px	42px
Header2	24px	36px
Normal text	16px	24px
Tiny text	12px	12px

components:

Main content container

Video

Audio

Image

Guidelines:

- Use Inter for all text.
- Ensure all interactive elements meet WCAG 2.1 AA contrast requirements.
- Apply consistent spacing and margins to maintain alignment.
- Design for mobile-first (start with the smallest screen size).
- Keep visual hierarchy clear by using font size, weight, and spacing strategically.
- Remove unnecessary elements to reduce distractions and improve focus.
- Using the Dark Gray (#202124) color for textual content.
- Apply a 12-column grid layout to maintain alignment.
- #007BFF - brand color
- Ensuring contrast for readability (e.g., white text on bright blue background).
